Thanks Paul –

Looks great! I went through the Indian law counseling projects I've seen in the last few years, and they're all covered by one or more of your subtopics. Only added a few comments with additional context for your consideration.

Let us know if ORC LT ends up wanting a specific paragraph about enforcement and we can help generate content.

Hi Paul. This is well written and highly informative. I am going to hold on to it as an excellent summary of the counseling work we do in Indian country. Since the paper doesn't address enforcement, I didn't have much to add. Thanks for sharing with all of us anyway.

Following up – late yesterday we received several important orders in the GKM litigation that took my attention all morning. Later this afternoon I'll circulate the draft briefing paper, and would ask for your input by COB Monday. Apologies for the delay.

Brian Joffe asked me to draft a short, one to two page briefing paper for Matt Leopold on R8 ORC's Indian law work. This is for Leopold's visit to R8 on 10/2. I'm going to circulate a draft tomorrow morning. I'd invite your input on the draft by COB Friday, if you're interested and have the time. Sorry for the quick turnaround, but ORC management wants the drafts by COB Friday. I wanted to give you a bit of a heads up in case you're interested and

want to build a little time into your schedule to review the draft. I'd welcome your input, but understand it's a short deadline and that everyone is busy.
